

MONARCH ATHLETIC CLUB

MEMBER OF THE MONTH: KIMBERLY NORTON

Kim is a dedicated member of the Monarch Athletic Club. She brings a positive attitude to the MAC every day and instantly lights up any room she enters. Kim inspires those around her and pushes them to be the best they can be. "After being a collegiate swimmer, I quit cardio in favor of lifting (I was the 1RM winner last year) – but now I'm starting to realize the benefits of both!" Congrats, Kim!

EATING HEALTHY

MARCH NUTRITIONAL TIPS

Week 1 - EAT THE RAINBOW

Veggies, veggies and more. When choosing your vegetables choose a variety. Choose an array of colors to ensure you will have a nutrient dense diet.

Week 2 - DON'T DIET, EDIT

It's a lifestyle! I know you've heard that saying before. But it is true. The next time you think about going on a diet, consider editing what you eat instead. Making small changes over time until you have a happy and healthy nutritional lifestyle.

Week 3 - SHOP THE OUTER RING OF THE GROCERY STORE

Have you notice that most of your vegetables, starchy vegetables, fruits, lean meats are located on the outer ring of the grocery store? Build the bulk of your nutritional with these foods. Most processed foods are located in the interior of most stores and should be eaten in moderation.

"EVERY DAY IS A NEW OPPORTUNITY TO IMPROVE YOURSELF. TAKE IT AND MAKE THE MOST OF IT."
